

Antigo Pride: School Wish List

School: Pleasant View Elementary

For the past three years, the Unified School District of Antigo has been working on developing a Positive Behavioral Intervention and Supports (PBIS) system to be used throughout our school district. Last year as a district, we introduced Tier 1, a positive reward system for students who choose to follow school expectations and consistently make good choices throughout the school day. Along with continuous praise, students have the opportunity to use their Robin Rewards to purchase designated prizes at each of their schools. In order to continue providing students with this opportunity, we are asking for your help. Please look over our wish list and consider supporting our school's reward system!
